## METHODOLOGY

Sessions demonstrate current EFL approaches, methodologies & techniques.  
 An interactive communicative approach is applied, which provides participants with their own experiential learning of the activities & methodologies.  
 Input sessions are in the form of hands-on workshops and involve brainstorming, analysis, problem-solving, and role-play, both in pair work & group work.  
 Teachers are asked to reflect on the activities, inviting discussion with regard to their own pedagogical knowledge & skills, teaching methods & contexts, and on adaptation of activities to their teaching & learning situations.  
 Both teaching & learning are explored, analysed and discussed, further enabling the participants' use of their communication skills in English.  
 Participants are also introduced to websites related to the further development of their teaching skills & personal professional development.

## FOLLOW UP

The course ends with an evaluation session, where teachers are asked to reflect upon the value of the knowledge gained on the course. They are also encouraged in this session to come up with a Personal Development Action Plan, and select activities which they would like to try out in their own classes.  
 They are invited to join the ETI Teacher Training Facebook community, which allows networking and contact with the trainers and fellow colleagues, and with participants from other courses.  
 Participants are also encouraged to join communities for the current POOLS Projects, and other ETI-related EU Projects, such as METHODS (Communicative Language Teaching Methods), TOOLS, and CLIL4U.
